25 YEARS

D-Link®

mydlink makes home or office monitoring the easiest it has ever been, so you can keep an eye on things that matter to you most, 24/7.

Monitor your home or office, keep an eye on your kids or even your pets around the house, from wherever you have an Internet connected device. You can view your mydlink-enabled camera on your computer, or even your tablet, Android device or iPhone, when you're out and about.

It's so simple to access and manage, you don't need any technical skills at all. Best of all, mydlink comes free with all mydlink-enabled cameras!

mydlink-enabled cameras (DCS-930L & DCS-932L) offer:

- Easy set up via step-by-step wizard
- Monitoring of your home or office from wherever you are with free mydlink iPhone/Android apps
- High quality images - VGA resolution
- Built-in microphone - listen to all the action as it happens
(not available via the mydlink apps)
- Wireless N technology, no network cables needed
- Infrared LEDs - day and night monitoring (DCS-932L only)
- Motion triggered email alerts straight to your inbox
