

Indoor/Outdoor Mounts and Accessories

Honeywell's Performance Series mounts and accessories provide a range of installation options for the Honeywell Performance Series IP cameras and Performance Series HQA cameras, including junction box, wall, pole, and corner mounts.

The mounts provide easy cable routing with no exposed wiring, and the cameras can be installed, adjusted, and tested without repositioning the housing. All of the mounts and accessories are suitable for indoor or outdoor use.

The junction boxes, and pole mount are constructed of die-cast aluminum. The corner mount adapter is made of SECC steel. The HEJB junction box is made of die-cast aluminum and SECC steel. All of the mounts and accessories are powder coated to match the finish of the camera.

Market Opportunities

Honeywell's Performance Series mounts and accessories provide excellent value at an attractive price, featuring simple, clean lines, and rugged construction for a wide range of mounting options.
