- > Audio, I/Os
- > PoE+, 24 V AC/DC

AXIS P5635-E PTZ Dome Network Camera is a cost-effective, high-performance HDTV 1080p camera with 30x optical zoom. It enables high-definition video surveillance of large indoor and outdoor areas and provides great details when zooming in. Suitable applications include city surveillance.

AXIS P5635-E features a continuous 360° pan capability, with no mechanical stop, for fast camera repositioning and smooth, continuous tracking of an object.

AXIS P5635-E has day/night functionality and good low light performance. It supports Axis' unique Wide Dynamic Range - Forensic Capture (120 dB), which enables details in both very bright and dark areas of a scene to be visible. The camera also offers Axis' Electronic Image Stabilization (EIS) for better video and bandwidth savings in vibrating conditions.

The outdoor-ready AXIS P5635-E supports shock detection, which enables the camera to send an alarm when it

has been hit. The camera's built-in intelligent functionalities include video motion detection, audio detection and Advanced Gatekeeper, which allows the camera to detect an object in a specified area and zoom in on it. Support for AXIS Camera Application Platform enables other intelligent video functionalities to be downloaded to the camera.

Other features include two-way audio, four configurable inputs/outputs for connection to external devices, Power over Ethernet Plus (PoE+), 24 V AC/DC and an SD card slot for local storage of recordings.

Note: Wall mount bracket sold separately.
